

## County Readies for 'Ethel'

### New City Schools Used Generator Purchased

Frightened residents began taking shelter in area schools late yesterday as hurricane Ethel swept towards the Gulf Coast. Schools were closed early in the afternoon for the second time in less than a week and students were sent home. There will be no school today.

Joe D. McCullough, superintendent of the Bay St. Louis Municipal Separate School District, announced the closing of the schools and said the buildings will be used as shelter centers.

The North Central, Gulfview and Logtown schools are also open for residents.

Residents started pouring into Bay High school, as well as other schools, Wednesday afternoon as the news of the approaching hurricane spread. Frightened residents, particularly those who witnessed the hurricane of 1947, immediately began evacuating their homes and started moving to shelters or out of the area.

In early evening the balcony of the Bay High gym resembled a beach on a hot summer afternoon with mothers and their children sitting on blankets with their lunches, bottles of milk and other supplies near at hand. But the seriousness of their conversation was far from gay.

Some residents waited in the doorway of the school and others either sat in their cars or sat around the campus waiting for it to come time to go on into the school.

St. Stanislaus College closed in the afternoon and three buses were used to transport New Orleans students home. The college will remain closed through Sunday. St. Joseph Academy is closed in the afternoon, and put youngsters on buses home if requested by their parents. Then shutters were closed and Marion Hall was boarded up.

Commissioner of Utilities J. O. Glover said yesterday a generating unit has been acquired by Bay St. Louis to provide power in case of an emergency. The unit, installed in time for the hurricane Donna threat last week, would be put into use in case the regular power supply is knocked out. It would provide 10,000 watts.

Glover said this unit would be important in case of catastrophe when the power could be used to operate sirens, run water pumps, operate the transmitter and the two-way radio system, keep lights burning in the City Hall fire station and water works and keep refrigeration and (Cont. on Page 5.)

Waveland's building boom the past year paid off to the city at Tuesday's meeting of the mayor and board of aldermen. New construction is estimated responsible for an increase of \$140,000 in assessed value of property and this in turn enabled council to retain the 9 1/2 mill tax rate on the town fund. The same millage tax for the Bond and Improvement Account was again levied, making Waveland's total millage for the 1960-61 fiscal year 16 mills.

While the levy for the Town fund will miss by \$1,046 of the \$24,534 budgeted for expenses, council unanimously voted to retain the same millage, since, based on last year's receipts, there would be \$800 received from the sales tax in excess of the \$5,000 budgeted from that source. It also seemed likely that the town would begin the next fiscal year on Oct. 1 with a surplus.

Total realty assessment for Waveland, not including utilities which figure is set by the state, is now \$2,468,300, broken down as follows: Ward 1, \$377,450; Ward 2, \$760,135; Ward 3, \$1,105,205 and Ward 4, \$225,150.

J. Norton Haas Jr., Bay St. Louis engineer, explained to council and to W. C. Scruggs, representing Gulf Paving Co., his contract price of \$550 to oversee the taking of tests on certain streets paved in 1958 by Gulf Paving, to prepare a report on whether the tests showed the streets to have been constructed according to specifications, and to spend a maximum of 16 hours in supervising the correction of defects, if any are found to exist.

Earlier this year A. O'Conor, manager of Gulf Paving, had agreed his firm would remedy any defects found by a qualified engineer to exist and to pay the cost of any necessary tests and the fee of the engineer. At the Sept. 6 meeting O'Conor questioned Haas' estimate of his fee and asked for a firm bid, which Haas submitted Tuesday. Scruggs said he did not have authority to commit the company but indicated Gulf Paving would probably agree to pay the fee. The company will also pay for the necessary tests.

Haas explained that his proposal only included 16 hours of supervision over any new work found to be needed and suggested that, if the work could not be completed in two days, the town assign someone with whom he would work to supervise the remainder. He added he thought two days (Cont. on Page 5.)

RESCUE WORKERS - Civil Defense Director Kenneth L. Whitfield and Sheriff Gerald V. Price sr. discuss plans with key men before the storm.

### Add Deputies To Give Help

From 50 to 100 men will be sworn in as special deputies to assist in preventing looting and help in evacuating persons in low areas and the injured or sick. Sheriff Gerald V. Price sr. said last night as reports indicated tropical hurricane Ethel would move inland in the vicinity of Hancock County.

Civil Defense Director for Hancock County Kenneth Whitfield cautioned citizens to be careful of drinking water until announced it was safe and advised everyone to clean and sterilize their bathtubs and fill them with water as well as any other available containers. He said sound trucks would be used to instruct people what to do from time to time.

A. H. Gregory, manager of the local Mississippi Power Co., said late Wednesday that emergency crews were being moved in from all points, Laurel and elsewhere to handle emergencies here. He said they will handle breakdowns as long as possible and that power will not be turned off until too many lines fall on the ground causing a hazard that cannot be handled by the crew. Trouble shooters will handle the storm damage as long as and late as they can continue to cope with and keep up with the troubles.

Sheriff Price said he would handle the looting situation with his regular and special deputies, working with city policemen, constables and other officers but that if necessary would call in the National Guard. He asked citizens' cooperation in obeying all special deputies and officers.

Whitfield was in the process last night of evacuating all low-lying areas including Clermont Harbor, Lakeshore, Ansley and the lower Pearl River Valley. All available station wagons, trucks and cars offered by citizens were being used for this purpose.

Shelters were rapidly filling at press time. In the Bay St. Louis area they were the courtroom of the Courthouse, Knights of Columbus Hall, Bay High School, Valena C. Jones and St. Rose de Lima Negro schools. He said he was sure all churches would also welcome their parishioners or anyone who needed help.

He said reports were being issued every 20 minutes from New Orleans and Poycune radio stations.

With killer hurricane Donna reported entering the Gulf, detailed emergency plans for rescue (Cont. on Page 5.)

### Echo Tries To Beat Ethel

Because of the approach of Hurricane Ethel to the Mississippi Gulf Coast, and consequently its threat to normal operations in the area, the Echo this week is in abbreviated size in an effort to reach its readers before possible disruption of electrical power.

Next week, God willing, we hope to be back with full coverage of the events in Hancock County.

and evacuation were made Friday night at an emergency meeting of 54 key men called by Kenneth R. Whitfield, Civil Defense director for Hancock County.

Whitfield said at the time 25 ducks were on the way and plans were under way to obtain two pontoon bridges and other equipment for rescue and evacuation work. He asked anyone owning station wagons, trucks and other mobile equipment to volunteer their help by calling Fahey-Whitfield Funeral Home at HO 7-4242.

Mayor John A. Scaife said North Bay Elementary School would not be open to refugees because the road might might be isolated. He also cautioned those engaged in rescue not to use Necaise Avenue and Second Street when trying to get to the (Cont. on Page 5.)

### Waveland Retains Same Millage Rate

Waveland's building boom the past year paid off to the city at Tuesday's meeting of the mayor and board of aldermen. New construction is estimated responsible for an increase of \$140,000 in assessed value of property and this in turn enabled council to retain the 9 1/2 mill tax rate on the town fund. The same millage tax for the Bond and Improvement Account was again levied, making Waveland's total millage for the 1960-61 fiscal year 16 mills.

While the levy for the Town fund will miss by \$1,046 of the \$24,534 budgeted for expenses, council unanimously voted to retain the same millage, since, based on last year's receipts, there would be \$800 received from the sales tax in excess of the \$5,000 budgeted from that source. It also seemed likely that the town would begin the next fiscal year on Oct. 1 with a surplus.

Total realty assessment for Waveland, not including utilities which figure is set by the state, is now \$2,468,300, broken down as follows: Ward 1, \$377,450; Ward 2, \$760,135; Ward 3, \$1,105,205 and Ward 4, \$225,150.

J. Norton Haas Jr., Bay St. Louis engineer, explained to council and to W. C. Scruggs, representing Gulf Paving Co., his contract price of \$550 to oversee the taking of tests on certain streets paved in 1958 by Gulf Paving, to prepare a report on whether the tests showed the streets to have been constructed according to specifications, and to spend a maximum of 16 hours in supervising the correction of defects, if any are found to exist.

Earlier this year A. O'Conor, manager of Gulf Paving, had agreed his firm would remedy any defects found by a qualified engineer to exist and to pay the cost of any necessary tests and the fee of the engineer. At the Sept. 6 meeting O'Conor questioned Haas' estimate of his fee and asked for a firm bid, which Haas submitted Tuesday. Scruggs said he did not have authority to commit the company but indicated Gulf Paving would probably agree to pay the fee. The company will also pay for the necessary tests.

Haas explained that his proposal only included 16 hours of supervision over any new work found to be needed and suggested that, if the work could not be completed in two days, the town assign someone with whom he would work to supervise the remainder. He added he thought two days (Cont. on Page 5.)

### Ask Help On Piling Removal

The Beach Improvement Association is launching a drive to raise \$1,500 needed before the county will sign a \$6,500 contract for the removal of old pilings and logs along the beach.

The board of supervisors last Tuesday tentatively accepted a \$6,500 bid for removal of the stumps from Bayou Caddy to Jordan River but has only \$5,000 available for the project. The remaining amount must be raised by the local residents before the contract will be signed.

Dr. John F. Dicks, chairman of the beach group formed originally in Waveland by Mayor Garfield Ladner, held a special meeting in Town Hall Thursday evening to determine how the money can be raised.

Dr. Dicks pointed out that unless the money is raised in a certain amount of time the Board of Supervisors is likely to drop the entire project and observed it will be primarily up to the homeowners along the beach to provide the funds.

The chairman said it is vital that the stumps and logs be removed, stating that not only are they unsightly but also provide a hazard and nuisance for boaters and swimmers.

The committee decided to send letters to homeowners from Bayou Caddy to Jordan River (Cont. on Page 5.)

### Supervisors Give Taxpayers a Break

The county's tax levy was reduced by one mill for the coming fiscal year when supervisors unanimously agreed Monday there was enough money in the countywide road and bridge bond fund to meet obligations. Motion was by I. M. Frierson, seconded by James Necaise.

In other matters the board voted to rescind an order adopted last Tuesday when Clerk Clarence Ladner was instructed to pay bills out of the general fund until exhausted, there being only about \$3,500 remaining which is not believed to be enough to meet bills through the end of the fiscal year, Sept. 30.

Board President R. G. Hubbard Jr. said Circuit Judge Leslie B. Grant had said Monday morning before opening the September term of court that jurors should be paid first. On motion of Frierson seconded by Charles Russ this was voted unanimously. Hubbard said it would be necessary to borrow money from another fund so that current labor and other bills could be paid and members agreed to authorize the transfer of funds at the Oct. 3 meeting. However, Attorney Sam L. Favre Jr. said this might not avoid a penalty by the state homestead exemption auditors as more money would have been spent from the fund than set up on the budget.

Hubbard again told the members they would have to cut expenses out of the general fund so it could be balanced. He expressed concern at the large increase in the cost of feeding prisoners and asked that Ladner check the list of prisoners closely. He also said persons who were arrested and tried over and over again for drunkenness should be sent to a home for possible cure, that a lot of money was used in payment of justice of peace court costs and feeding the prisoners. He added the county had to pay the costs of "state fail" cases and Favre said this could be reduced by county officers being sure they had a strong case before going to trial and that the cases had been properly investigated. He said officers were limited to \$200 per year for mileage.

Superintendent of Education K. G. McCarty requested a loan to purchase two new school buses and the matter was deferred until the next meeting.

Ladner said that to balance the general fund budget spending would have to be limited to \$5,000 per month and said he planned to set up a requisition system where heads of each department in the Courthouse would fill out a requisition which would be first approved by the board of supervisors before anything (Cont. on Page 5.)

### Reboul Is Reelected President

T. T. Reboul Jr. was reelected president of the Hancock General Hospital board of trustees at a lengthy session Tuesday night which saw the old executive committee abolished at the instance of Vice President Hubert Thigpen.

The vice presidency went to Clifton Saucier while Secretary J. Norton Haas and Treasurer K. W. Pepperdine were reelected.

Mrs. T. P. Ward moved for Reboul's reelection while Haas put up Judge Frank Selph's name, observing that the other two members whose terms expire next year already had been president. Selph expressed reluctance about serving and said he would only do so if the vote were unanimous. Haas then suggested that the task of hospital operation should go to younger men and proposed Saucier, withdrawing Selph's nomination. Pepperdine and Mrs. Ward noted that Reboul actually was serving out the unexpired term of Charles Lavinghouse who resigned to take a seat on the board of supervisors.

Voting was 3-3, Thigpen, Haas and Saucier siding with Saucier, and Pepperdine, Ward and Reboul with Reboul. Judge Selph abstained. Reboul observed this would necessitate holding it to the next meeting and Saucier moved to withdraw his motion and Reboul was named by acclamation. Saucier's name subsequently was advanced successfully for vice president by Pepperdine.

When the matter of the executive committee arose, Reboul recalled that about 1958 it had to vote to retain its membership until replaced. Thigpen moved to do away with it, arguing that Administrator Thomas O. Logue should be able to handle (Cont. on Page 5.)

### Parking Meter Weekly Take Runs At \$100

Those parking meters in downtown Bay St. Louis have been netting right around \$100 a week since their installation in early June, City Commission Council reported this week.

From the number of pennies, nickels and dimes collected weekly, it appears that more than 5,000 vehicles are using the meters over each seven-day period.

Commissioners observed that this indicates public acceptance of the meters which were installed in an effort to turn over occupancy of parking space on the city's principal business streets, thereby giving shoppers more opportunity to find parking near their destination.

Nevertheless, they reported, a few beach merchants continue to complain about the meters although commissioners said they were unable to see they would be hurt.

### Lewis Wagner, Ship's Capt., Dies at Sea

Funeral services are planned at the weekend for Capt. Lewis Wagner, 42, who died early Monday aboard his ship, SS Del Sol, at high sea en route from Santos, Brazil, to Montevideo, Uruguay. Death was attributed to coronary occlusion.

Services will be at 10 a.m. Sunday from Fahey-Whitfield Funeral home with religious rites at Christ Episcopal Church and interment in Garden of Memories.

Captain Wagner had been with Mississippi Shipping Co. for 20 years and aboard its liner, the Del Sol for five years. He took over command of the vessel last summer. He sailed on his last cruise from New Orleans Aug. 27 and was slated to arrive in Montevideo Tuesday.

Born June 27, 1918, in Nantuxet, P. I., he attended Penn State University where he was a member of Theta Xi fraternity and was graduated from the U. S. Merchant Marine Academy at Kings Point, N. Y., in 1942. He was a lieutenant commander in the Naval Reserve in World War II, and a member of the Bay St. Louis Masonic Lodge.

## Engineer Slates Report

Mayor John Scaife met with William E. Johnson, consulting engineer, in Jackson Tuesday on the proposed new water works and sewerage system and has tentatively set Sept. 28 for a meeting to hear a report by Johnson.

Johnson said he has completed his study on the proposed system and has developed what he needed to finance the project. A 30-year bond issue of \$2,675,000 is under way to construct the new system.

The mayor returned to Bay St. Louis and yesterday started making arrangements for a session at 7:30 p.m. Sept. 28 with Johnson, City Commission Council representatives of the Hancock County Chamber of Commerce and other city leaders formed to work with the city on the proposed project and H. Wilson Arnold, New Orleans investment banker who has been working on means for financing the project.

Mayor Scaife has said that the Commission Council will, with the information supplied by Arnold and Johnson, design a definite plan of action to be presented to the voters.

Various methods of financing have been studied at the three earlier meetings of the committee. A possible \$250,000 in federal aid was considered and Johnson said the federal government would provide 30 per cent of the cost of all front sewers, those on North Second and Felicity Streets, and would finance the oxidation ponds (lagoons) and lift stations.

A city the size of Bay St. Louis (approximately 5,200 according to unofficial 1960 census figures) could then expect the average property owner's assessment to be \$532.86, with additional charges for water meters, etc.

Mayor Scaife has repeatedly stressed the need for the new water and sewerage system, stating that the water situation in Bay St. Louis is pathetic. He said installation of water meters would certainly conserve water and consequently make the sewerage system possible.

The city's fire insurance rates are terrifically high because the risk is also high, he observed, noting that with the present water pressure a fire of any size could not be extinguished.

The mayor also cited the problem of sanitation. He observed that septic tanks and shell drains carry waste water into the beaches and into the water used for bathing and fishing.

### Taranto Foreman For Jury

Peter B. Taranto, Waveland contractor, was named foreman of the grand jury as Circuit Judge Leslie B. Grant convened the September term Monday.

District Attorney Boyce Holleman said there was a light criminal docket, only one criminal case being recorded, a rape charge against Leo Bennet, 43, of near Pearlington, involving a 19-year old married woman at her home in Bay St. Louis July 17.

Other jurors are Reodus J. Morgan, Virgil Ladner, Purvis Deschamps, Joseph M. Deschamps, Joseph M. Damonte, George Smith, Albert Keller, Melvin J. Ladner, Cecil Pearson, Leroy P. Luke, Tom Yerger, Thomas Edward Miller, Hol-

### County Schools Plan To Buy 2 New Buses

Purchase of two new 66-passenger buses, preferably with bodies built in Mississippi, was authorized by the county board of education at a recessed meeting Saturday. It also adopted a resolution calling on the board of supervisors for the necessary funds.

Acquisition of the two vehicles was recommended by Superintendent K. G. McCarty following many complaints from white and Negro parents in the Logtown area that between 12 and 14 pupils were having to stand on each of those buses on their way to school.

In other bus action, pay hikes (Cont. on Page 5.)

were approved for drivers of some of the longer routes. On the motion of Alton Keller, \$100 a month was voted Dan Frederick, Bob Lee, Mrs. Glaveny, \$95 to August Ladner and \$90 for P. Maufrey. Regular pay for adult drivers is \$80.

Lugie Necaise called attention to the problem of student drivers substituting for adults and visa versa with regard to salaries and the board recalled its previously stated policy that persons in the original category named should be used as substitutes.

Study of last month's bills occupied the bulk of a long session and approval was given most of them, several being held for further examination. Logtown Principal Oscar Breland was asked to check a \$224.59 bill from Thigpen Hardware Co. of Poycune for repair materials there, some of the items dating back to 1958 and 1959.

Mrs. G. S. Kennedy, guidance counselor and Hancock North Central teacher, was asked to confer with the superintendent regarding a report from the State Department of Education that it will not be able to reimburse the system for a full-time guidance person this year because the number of requests has exceeded its allocations under the National Defense Education Act. McCarty reported that North Central Principal Leo Rouse proposed to build a student store at the school for sale of soft drinks, school supplies and other items, some of which he has had to move from his office because of overcrowding. Mrs. C. C. McDonald, vice chairman, stated that Rouse was an definite plan to the board for consideration.

### Tell Plans For Blood Drawing To Build Bank

Circle on your calendar the date of Oct. 5 and then be sure you're at the Bay St. Louis Youth Center from 2 to 8 p.m. that day.

This request was issued Wednesday by officials of the Hancock County Blood Bank who have arranged with technicians of Ochsner Foundation Hospital, New Orleans, for a blood drawing at that time. A blood bank meeting will be called shortly to complete plans for the drawing.

To date, the local bank is more than 40 units in arrears to Foundation Hospital so that a supply cannot be built up until at least that amount is contributed at the drawing. For that reason, the bank hopes to get at least twice that amount on Wednesday, Oct. 5, and emphasizes that widespread support will be necessary to reach this goal.

## Miss Haverty, Mr. DeHaan Speak Vows at St. Clare's

Of wide interest here was the marriage of Linda Ann Haverty, daughter of Mr. and Mrs. Lester M. Haverty to Fred J. DeHaan Jr., son of Mr. and Mrs. Fred J. DeHaan Sr., solemnized Saturday morning in St. Clare's Catholic church with the Rev. M. J. Costello officiating.

The altar was decorated in white gladioli, tapers and palms. The bride entered the church on the arm of her father wearing an elaborate gown of white lace and net. The fitted bodice of lace featured a high scalloped neckline and long fitted sleeves, the bouffant skirt and bodice were covered with appliques of seed pearls sequins. Her chapel length veil fell from a small mother of pearl tiara, her bouquet was staphanotis and fleur d'amour encircling a white orchid.

Mrs. Lester Haverty Jr., matron of honor, wore a pink lace and organza ballerina length dress featuring three-quarter length sleeves and a v-neckline and carried pink carnations. Her headpiece was a circle of pink flowers with face length net veil. Mrs. Don Butler, attendant and Miss Cheryl Ming, junior bridesmaid, also wore pink dresses identical to that of the matron of honor. Their bouquets were of pink carnations, Karen Anselma, flower girl, also wore pink lace and organza in the same style but floor length.

Lester Haverty Jr., was best man, Harvey Ming Jr., cousin of the bride, was groomsmen and Don Anselma was junior groomsmen. Don Butler and Buck Campbell were ushers.

Mrs. Haverty, mother of the bride, chose a beige dress of embroidered silk organza with matching hat, and brown accessories. Her corsage was of brown orchids. Mrs. DeHaan wore a

## New Slate Installed By Chapter

The ritual of jewels ceremony and installation of new officers for the Bay St. Louis chapter, Beta Sigma Psi, took place Tuesday evening at the home of Mrs. Wayne Dugas with Mrs. Warren Adams as hostess. Mrs. Lee Allen of Alpha Gamma Delta chapter, Pass Christian, conducting the ritual, assisted by Mrs. John Remel of Beta Xi at Piquette.

A white linen cloth was used on the ritual table which was covered with a black base with yellow rosettes. Multi-colored candles were used in the ceremony.

Receiving the ritual for the chapter organized here since months ago were Mesdames Edmond Alton, William Conley, Harriet Davis, Wayne Dugas, James Guffy, Ben Hille Jr., Robert Fayard, Joseph Kersness, Reuben Ruiz, Lionel Sellier and James Zimmerman.

Mrs. Kersness, the retiring president, installed new officers who are Mrs. Hille, president; Mrs. Sellier, vice president; Mrs. Dugas, treasurer; Mrs. Cooley, corresponding secretary; Mrs. Zimmerman, recording secretary; and Mrs. E. P. Laroux, sponsor.

Refreshments were served afterwards consisting of pink lemonade with cherry angel food cake. The table was covered with a white lace cloth and decorated with a driftwood arrangement of pink roses and grapes.

silk organza with white accessories and she also wore brown orchids.

A reception was held in the Knights of Columbus Hall in Bay St. Louis immediately following the ceremony.

The bride's table was covered in white, the four tiered wedding cake surrounded by arrangements of stock, white gladioli and tapers. Potted palms were arranged about the table.

Mrs. DeHaan wore a powder blue going away suit with black accessories and a white orchid. The young couple honeymooned in New Orleans as the threatened storm interfered with a planned trip to the Smokies. They will move into their new home in Gulf Gardens upon their return.

## Parent-Teacher Conference Set for Oct. 5

Plans for a Parent-Teacher conference were announced to the Bay Central Parent and Teacher Association meeting Tuesday in Bay High auditorium.

Joe McCulloch, superintendent of the Bay St. Louis Municipal Separate School District, said the event will be held at 1:30 p.m. Wednesday, Oct. 5 in the classrooms. All parents will be invited to their child's classroom to discuss problems with the teachers. The superintendent introduced members of the faculty to the parents at the meeting.

In turn, Mrs. W. M. Crow, president, introduced the P-TA officers and various committee members.

Donald Caldwell, principal of Bay High, spoke on the teaching levels of high school subjects. Lance Lamphun, football coach, spoke on football activities and praised the members of the team as well as athletes.

Mrs. Walter Rauch gave the devotional to open the meeting in the absence of Mrs. J. W. Clark, devotional chairman. The third grade won the room count prize and Mrs. Ethel Fillingame was the door prize. Refreshments were served by the mothers of first grade pupils.

## B-WYC Luncheon Set

The Women's auxiliary of Bay-Waterfront Yacht Club will have the monthly luncheon Wednesday, Sept. 20, at 12 o'clock noon. Reservations must be in by Tuesday at 5 p.m. and may be made by calling the hostess, Mrs. White Landry, GL 2-2628 or Mrs. Howard Landry, GL 2-2626.

## Clermont Home Of Olsen srs. Scene of Party

Mr. and Mrs. Irene Olsen and Mr. and Mrs. William Schaefer of New Orleans and Clermont Harbor were hosts at an all-day picnic and birthday party at the Olsen home on Oak Street in Clermont on Labor Day.

A large birthday cake honoring Mrs. Irene Olsen, celebrating 60th birthday, was the centerpiece of the table and was surrounded with trays of pastries, fruit, chicken, barbecued ribs, salad and other delicacies.

Joining in singing Happy Birthday and participating in the games, music and dancing were Mr. and Mrs. L. L. Olsen, Mr. and Mrs. Charles Ford, Mr. and Mrs. R. Power, Mr. and Mrs. C. Dill, Mr. and Mrs. C. Fell, Mrs. M. J. Olsen, Mr. and Mrs. S. Palmisani, Mr. and Mrs. Nick Carabajal, Mr. and Mrs. D. Raymond, Mr. and Mrs. R. Davis, Mr. and Mrs. J. Anderson.

If you want to drink that's your business. If you want to STOP that's our business. Alcoholics Anonymous. Meets every Friday 8 p.m. Phone HO 7-6924

## Mrs. Peters Heads WMS

Mrs. E. J. Peters was elected president of the Women's Missionary Society of First Baptist Church during a general meeting Sept. 6 in the church. She succeeds Mrs. A. E. Alexander. Also elected were Mrs. James Fillingame, master vice president; Mrs. Homer Gregory, assistant vice president; Mrs. Pat Rogers, secretary and treasurer; Mrs. E. C. Clark, community missions chairman; Mrs. Anthony Scatell, program chairman; son, Mr. and Mrs. Olsen Jr., Mesdames Ruth Ellis, Marion Olesand and Rae Cope and Bill Birgo.

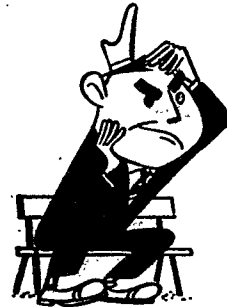

Mrs. Claiborne J. Lechner, mission study chairman, and Mrs. M. J. Neelise Jr., prayer chairman.

Other chairmen are Mrs. N. R. McKay, morning circle; Mrs. Robert Magee, afternoon circle; Mrs. B. O. Fleming, publicity; Mrs. O. W. Ramsey, publications; Mrs. Alfred Campbell, stewardship; Mrs. A. E. Alexander, sunbeam, and Mrs. Frank Pote and Mrs. Owen Jessup girls' auxiliary leaders.

Sunbeam leaders are Mrs. O'Connell Lee, Mrs. R. C. Clark, Mrs. Ernest Poillon and Mrs. Joyce Gillespie.

### Regis Plans Expansion For Papyrus Plant

The Regis Paper Co., which has large timber holdings in Hancock County, expects its R.H. and W. Woodson Construction Division to be in place to more than double its employees by mid-October.

W.D. Regis, one of the state's largest paper companies, recently acquired the Papyrus Plant from Crosby Forest Products Co. The plant employed about 100 persons. It now expects to employ 450 by mid-October, according to R. L. Regis, plant manager.

The expansion is in part due to the closing of the firm's Savannah, Ga., plant and the moving of Papyrus to its Marietta, Ga., location.

### Softball Postponed

The Women's Softball League tournament scheduled for last Friday at the Youth Center stadium at Kila was postponed until this Sunday because of the hurricane threat.

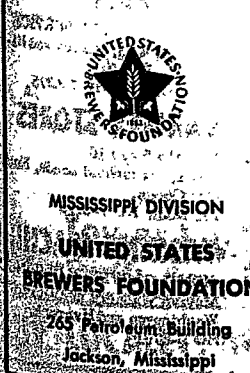

### Mississippi benefits from this industry's payrolls & taxes

The 57 wholesalers and nearly 5000 retailers in Mississippi's legally-regulated beer industry employ over 10 thousand people. The industry's investment in buildings, trucks and other equipment totals well over \$28 million.

Added to these economic benefits, beer is the state's 4th largest taxpayer, bringing over \$4 million a year to help support Old Age Pensions, rural roads, schools and other necessary functions of local and state governments.

Accepted in 2 out of 3 homes

Surveys show that beer is served in 2 out of 3 homes in the nation as the beverage of moderation. Beer is so widely accepted that it is included on the federal "Consumer's Price Index."

### Letters to The Editor

Editor, Sea Coast Echo:

An article written on Sept. 4, 1960, by Father Richard Ginder, columnist for Our Sunday Visitor, a weekly Catholic publication, should be read, re-read, and acted upon by every American. Father Ginder's column was entitled, "A Plea For American Labor." Unfortunately, space does not permit quoting the column word for word but the following is the substance of the article:

The steel industry in the country is in real trouble. U. S. Foreign Aid has been used to build new mills in foreign countries. American industry—to help pay for this foreign aid—is being taxed so heavily that new equipment is practically out of the question for our U. S. mills. American industry is being forced by the government to dig its own grave with its own money.

And here are some statistics showing the results of competition from foreign mills: Sharon Steel Corp. reports that its customers can buy 10" mill tonnage abroad at \$44 per ton less than Sharon Steel can sell it. . . . Savill Products, Inc., of Sharon, Pa., is being undersold by foreign competition offering pipe products up to 27 per cent lower than those available in the Youngstown Valley Steel area. . . . Foreign companies last year shipped 550,000 tons of steel pipe into the U. S. country—five times Savill's annual steel production.

In 1957, foreign manufacturers sold 1.1 million tons of steel in the U. S. By 1959 that figure had gone up by 3.3 million to a total of 4.4 million tons. In 1957, we sold 5.2 million tons of steel abroad. But by 1959, our exports had dropped to 1.5 million tons. The net balance means, 56,000 men out of work. We are losing the production of 700,000 automobiles to foreign competition each year—65,000 more Americans laid off. And if you push back labor requirements for making a care all the way to the farms and mines, those 700,000 cars would represent the labor of 350,000 people.

This is going on through industry after industry. It is figured out that the 218 million pounds of bolts, nuts, rivets, and screws now being imported each year are throwing 1,000 steelworkers and 2,500 to 3,000 workers in

### By Gone Days

15 YEARS AGO

Sept. 14, 1945—Last Sunday morning County Game Warden Randolph Bourgeois caught two county men shooting squirrels out of season. The men were fined a total of \$30 and the bag of two squirrels confiscated and given to Kings Daughters Hospital in Bay St. Louis. It will be well for all to remember that the season does not open until Oct. 1.

25 YEARS AGO

Sept. 13, 1935—Four major projects for Bay St. Louis have been finally approved and sent to Washington by Wayne Allison, state Works Progress Administrator. Jackson. They include an addition to Bay Central and High School, a new Negro school, new four-inch water mains and asphaltizing of unpaved streets, the total outlay being \$140,503.13.

fastener plants out of jobs. . . . Singer Mfg. Co. reports that in 1949 the U. S. imported \$7,800 sewing machines. Last year, we imported 1,229,400 units.

Breaking through the statistics, Walter J. Campbell, editor of Steel Magazine, arrives at these conclusions: 1. We have built mills and factories for our

## Gulfport Auxiliary Head Addresses Hospital Women

The women's auxiliary of Hancock General Hospital was headed for its service to the hospital Monday by Ann Liversedge, president of the Gulfport Memorial Hospital auxiliary.

Miss Liversedge, appearing as a guest speaker at the regular September meeting of the local auxiliary, spoke generally on the assistance which auxiliaries render to hospitals and pointed out that their purpose should be of use to the hospital and that the auxiliary works solely under the administrator.

The meeting was in the home of Mrs. Marcel Gillis with Mrs. Winthrop Baker as co-hostess. Various reports were given on the activities and projects.

Mrs. W. Chevis, chairman of the sewing committee, reported that 171 different sizes wraps

competitors out of our own pocket. 2. We have taught our competitors how to duplicate our products. 3. We have neglected tax relief for our own industries. 4. We cannot compete with foreign wage scales. For instance, the average in our machine tool industry, exclusive of fringe benefits, is \$2.40 an hour. In England it is 85¢; Germany, 60¢; Italy, 35¢. The worker in a French auto factory averages \$90 a month.

What to do about it, asks Father Ginder? Well, he says, if you are unemployed, you can move to Germany where there is full employment. In fact, the Germans are importing labor from Italy and Greece. And then, too, you would be on the receiving end of foreign aid. Or you can write to both your Senators, to your Congressman, and to the White House, protesting the whole non-sensical business.

Yours very truly,  
WARREN CARVER  
Bay St. Louis.

Miss Henrietta Mohr, membership chairman, reported six new members. New members introduced during the meeting were Mesdames John Kelly, Arden Davis, Louise Townsend, Marguerite Powell, W. Williams and Miss Max Colson.

Thomas O. Logue, administrator, expressed a hope for the purchase by the auxiliary of hospital equipment at a cost of \$2,000. He said that a donation of \$100 towards this project had been offered by Powell Glass Jr., publisher of the Sea Coast Echo, subject to the raising of the remainder.

The meeting was opened with a prayer led by Mrs. J. R. Shadon and was closed with a prayer led by Mrs. James M. Robert.

Others attending were Mrs. A. P. Smith, president, and Mesdames A. Kuehn, J. Joyce, B. N. Spence, M. Carter, E. Mogabgab, T. Robin, J. Klap, S. Keen, M. Rousseau, G. Stevenson and H. Burleigh.

## Harvest Ball Plans Start

Initial plans for the annual Harvest Ball in October by the American Legion Auxiliary were discussed at September meeting Monday in the Legion home with Mrs. John Rutherford presiding.

The unit will entertain patients from the Gulfport Veterans Administration Hospital Sept. 27 in the Legion Home. Mrs. James Pfeiffer will be in charge.

Mr. and Mrs. John Rutherford and Mr. and Mrs. Henry Capdepon attended the Labor Day Carnival for patients in the Biloxi Veterans Administration Hospital. Donating items for the auxiliary booth were the Legion post, Mrs. Warren Buehler, Mrs. Capdepon and Mrs. Rutherford.

Minutes of the previous meeting were read by the secretary, Mrs. John Wilkerson. Reports were given by Mrs. Sam Benigno, junior activities chairman; Mrs. Capdepon, membership chairman; and Mrs. Pfeiffer, rehabilitation chairman. Mrs. Rene Bernhardt sr., chaplain, led the opening prayer. Mrs. Erwin Necaise won the entrance prize.

Hostesses for the social hour were Mesdames Pfeiffer and Gordon Romanoff.

SHERIFF POINTS TO TIRE IRON

## Exonerate Coleman in Fatal Shooting

Justifiable homicide was the verdict rendered late yesterday by the Peace Judge in the case of the shooting of Robert H. Coleman, slain deputy sheriff, who was charged with manslaughter after the fatal shooting of Eddie Forrester, 30, Bay St. Louis Negro, about 4:55 a.m. Saturday. Forrester died at Hancock General Hospital.

(Contd. from Page 1.)  
Sheriff Gerald V. Price insisted while Rebol insisted would entail special meetings of the whole board which would be costly. The motion carried with Rebol and Mrs. Ward dissenting.

Next on Haas' motion, Selph, Rebol and Mrs. Ward were elected unanimously to the county committee.  
A \$205,269 budget, calling for a \$32,194.68 contribution from the county, was approved and sent on to the board of supervisors for adoption. Estimated income from patients in the new fiscal year is \$174,458.

The board also turned its attention to accounts receivable, directing Logue to prepare an itemized list of bills past due on which no payments are being made. The total due now is \$34,000, compared with \$14,000 at the end of fiscal 1959 although Logue noted that the hospital now is doing three times as much business as before.

One milk bid from W. A. Scarborough representing Brown's Velvet Dairy was accepted, Logue noting some prices were lower than now. The Camera Shop was low bidder for the 16 mm. sound movie projector at \$425 and John R. Camling for the screen at \$17.95, both bids being accepted. Bidding on hospital instruments were American Hospital Supply Corp., McNeese Medical Supply and Betslow Surgical Supply Co., Logue being directed to divide them equally among the three, the total not to exceed \$500.

A sick leave policy recommended by Logue was adopted, 4-3 with Pepperdine, Rebol and Mrs. Ward dissenting. The president had argued for postponement for study but Haas moved its adoption. It provides that after two months of employment, an employee may accumulate an illness per month, not to exceed 12 days.

After six months and thereafter, the employee may receive one full day added to his check if he is not ill during the month. On one day, he receives a regular check and those additional days are deducted from those in the bank and must be accumulated again to a total of 12 before he again is eligible for extra day. Logue explained that this is designed as an incentive to bolster morale. A \$15 a month pay also was voted the orderlies.

Among a number of other items, the board approved a check of \$8,044.99 for August bills.

**Capt. Wagner...**  
(Contd. from Page 1.)  
The family moved to Bay St. Louis in 1950 and last summer and last summer purchased a home at 111 Nicholson Ave., Waveland.

Surviving are the widow, the former Miss Bess Clark of Gulfport; three sons, Charles Lee, Lewis Moore Jr. and James Clark Wagner, all of Waveland; his parents, Charles W. Wagner of Dallas, Pa., and Mrs. Adaline Wagner of Wilmington, Del., and a sister, Mrs. John Wise of Lancaster, Pa.

The family has requested that flowers be omitted and contributions be made instead to Christ Episcopal Day School.

## Bishop Tracy Will Ordain 7 at Seminary

The Most Rev. Robert Tracy, D.D., auxiliary bishop of Lafayette, La., will ordain seven to the subdiaconate at St. Augustine's Seminary this Sunday.

Those to be made subdeacons are Raymond Caesar, S.V.D., of Eunice, La.; Edwin Geers, S.V.D., of Dyersville, Iowa; Malcolm O'Leary, S. V. D. of Camden, Thomas Potts, S. V. D. of St. Louis, Mo.; Reynold Schnyder, S.V.D. of Reserve, La.; Joseph Simon, S.V.D. of Natchitoches, La.; and Wilbert White, S.V.D. of Baton Rouge.

Sunday's ordination will be the first performed by Bishop Tracy at the seminary here. He consented to ordain the seven at the express invitation of the Very Rev. Robert C. Hunter, S.V.D., provincial superior of the Divine Word Missionaries here, and with special leave from The Most Rev. Richard O. Gerow, S.T.D., bishop of the Natchez-Jackson Diocese.

The ordination ceremonies will begin at 8:30 a.m. in the seminary's chapel.

**Cecil C. Ward**  
Funeral services for Cecil Campbell Ward of Bay St. Louis were scheduled for today from the Jefferson Home of Tharp-Southerner-Tharp, New Orleans, who died Tuesday. Religious services were at the Church of the Annunciation and interment at the Garden of Memories there.

He was the son of the late Thomas Grant Ward and Stella Reynolds Ward. Survivors include three sisters, Mrs. Albert G. Garrett of Wagon, La., Mrs. Jesse Yeakel of Oklahoma City, Okla., and Mrs. Raymond J. Martinez of Metairie. He was the brother of the late Mrs. Everest Solera.

## Coast City Officials Take Franchise Stand

Ground Water Problems Inventory Day meetings will be held at 1:30 p.m. Tuesday in Bay St. Louis and simultaneously in every county throughout the state.

The Hancock County meeting will be the Agricultural Center Building on Necaise Ave. The Mississippi Water Well Contractors Association has asked Fred Sutter of Pass Christian to preside.

Twenty state-wide organizations have representatives serving on the Inter-Organizational Committee on Ground Water Problems that is working in cooperation with the Mississippi Board of Water Commissioners.

Problems affecting agriculture, industrial, domestic, municipal or recreational ground water users will be discussed and inventoried at the meeting. These problems will be tabulated by the Inter-Organizational Committee, supplemented with state-wide technical information and information about legal problems, conclusions drawn and broad recommendations for solutions will be made.

The Coast Municipal Association voted Monday to endorse and stand behind the right of municipalities to issue franchises as they wish.

Meeting in Waveland the association of Gulf Coast mayors and city officials authorized members attending a meeting of the executive committee of the Mississippi Municipal Association in Jackson Tuesday to report on their stand.

Mayor John Scaffide of Bay St. Louis called on the members to take a position on the matter as a result of the controversy between Rural Electrification agencies and private power companies in some parts of the state.

Mayor Laz Quave of Biloxi suggested that the group support the right of municipalities to issue franchises as they wish. Alderman Homer Smith of Long Beach put the suggestion in the form of a motion and it was approved. Mayor Scaffide said he would report the association's stand to the state executive committee.

Waveland Mayor Garfield Ladner was installed as president at the session to succeed Mayor R. B. Meadows Jr. of Gulfport.

Mayor Ladner lauded the work of Mayor Meadows as president during the past year and stressed the need for cooperation and teamwork. He said all of the city officials must work together for the benefit of the entire Gulf Coast area.

Also installed were Roy Elder, Biloxi commissioner of finance, vice president, and Vincent Rose, Pascagoula commissioner, secretary-treasurer. Alderman Duncan Moran, Ocean Springs, was installed as vice president in absentia.

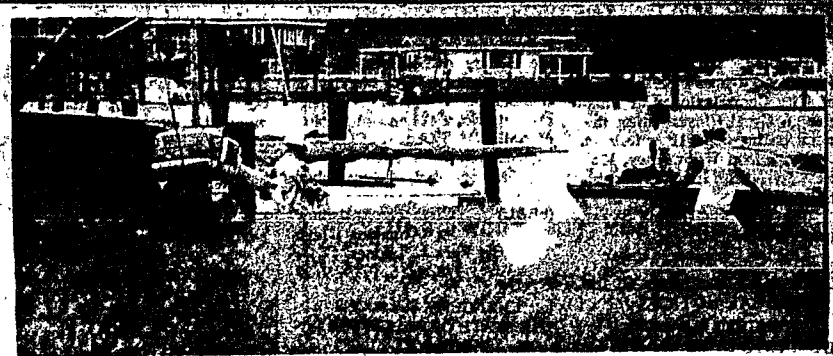

Also installed were Roy Elder, Biloxi commissioner of finance, vice president, and Vincent Rose, Pascagoula commissioner, secretary-treasurer. Alderman Duncan Moran, Ocean Springs, was installed as vice president in absentia.

BOATS EVACUATED AT YACHT CLUB

## County readies...

(Contd. from Page 1.)  
highway because of low spots. He asked workers to call Ed Arceaux of Arceneaux Super Service Station, chairman of transportation in case shelters were filled up.

Whitfield recalled his work during the Cameron, La., disaster when three fourths of the citizens drowned and warned everybody to evacuate low areas at least 24 hours in advance; not to wait until a few hours before as in the past. He reminded members of the Florida storm of 25 years ago that took 400 lives and the 1947 hurricane that caught the Hancock County coastal area unprepared and took 22 lives. He cautioned those leaving their homes to carry a supply of water and to cut off the main gas, water and electric switches before leaving. Those remaining in their homes should store water in bathtubs and other containers. A good supply of food should be on hand that does not have to be cooked.

He said that if the city's siren was heard in waving sound it would mean the coast was declared unlivable. After the storm Emile J. Piazza will make an aerial survey to see where persons are stranded for the rescue crews. In Clermont Harbor and Lakeshore the only means of transportation would be by boat, he said, and anyone owning boats or hulls that could be used by the defense unit was asked to call Russell Elliott, chairman of water transportation.

Whitfield said looting would not be tolerated even if it meant blocking off each street by the National Guard. He added that no workers were to carry firearms unless cleared through the sheriff's office.

**Generator...**  
(Contd. from Page 1.)  
other vital equipment in operation in the school.

Police Chief Alcine Saucier, commenting on the importance of such a unit, pointed out that last week when Donna hit Florida communications were entirely knocked out and so were the water pumps. He noted that the militia was used to enforce the rationing of water in some of the areas.

Chief Saucier said this would not happen in Bay St. Louis since the two-way communication system and the water pumps would stay in operation with power from the emergency generator.

## SJA Parents Plan Dinner

Parents' Club of St. Joseph Academy discussed plans for its annual spaghetti supper Tuesday at its first meeting of the season at the convent.

The date was tentatively set for Oct. 20 at the Knights of Columbus Hall to raise funds for various projects.

Mrs. Lucille Weeks was guest speaker, telling of the National Council of Catholic Women. The meeting was conducted by Mrs. Willys Rhodes in the absence of Mrs. R. G. Hubbard Jr., first vice president. Mrs. C. J. Lozano Jr., who was elected to serve as president this year, has moved from the Gulf Coast and resigned the office.

Mother Evelyn introduced the faculty. The next meeting will be Tuesday, Oct. 4, at 8:15 p.m. Further plans for the spaghetti dinner and other activities for the year will be considered.

**Jury...**  
(Contd. from Page 1.)  
Hancock County jail on Oct. 24, 1958, were continued to the next term of court as they are still serving sentences in a federal penitentiary. They are Robert Heath, 20, and Jerry Richter, 17. Heath is charged with armed robbery and burglary and Richter with armed robbery and accessory after the fact to burglary. They were held in connection with the break in of a Bay St. Louis drive-in and were arrested in Oklahoma and sentenced to a federal penitentiary after escaping from the Hancock County jail.

In another case held over from a previous term attorneys moved to dismiss a disturbing the peace charge against Homer Gregory, manager of Mississippi Power Co. in the Bay. Holleman said a compromise agreement was reached in the JP appeal.

# Shoulda Gone Fishin' Tigers Rugged in Pirate Rout

Short fishermen complained this week of woman trouble. "It's a curse to have your wife trying to cut down on your fishing," one said, "without Donna messing up a whole weekend." There wasn't a skiff to be had at Bayou Caddy Saturday, fishing operators having learned the hard way to move their boats out of range of an approaching storm.

Only a few crabs and shrimp were caught during the rough weather, however, and some reports of fairly good fishing Sunday.

A falling barometer is a good indication only the hard-core fishers are biting while a rising one usually signifies good

## His Piggy Didn't Go To Market

While for news of the hurricane we spent a couple of hours at the old Fishing Camp at the end of the road, the only one we could open, swamping tales of past storms and we heard one we were passing on. Seems during the '47 fracas two brothers driving up Lakeshore Road and saw a big, luscious hog wandering the road. They stopped and put him in their pickup truck, reaching an intersection they spotted two sheriff's deputies and searching cars for possible looters. They pulled off and debating whether or not to release their prize when one of them with a brilliant idea. He sat the hog in the middle of the road, put his coat around him and pulled a cap over his head so they would get by in the semi-darkness.

When the deputy stopped and asked who they were the one driving said, "We're the three Ladder boys, I'm Ike." The one on the other said, "I'm Moe" and dug his elbow into the hog who gave out a "oink." "Well, oink," said the deputy scratching his head and driving away. "Who was that," asked the other deputy. "Oh, that was the three Ladder boys," he replied, "but man that Oink is the loudest I ever saw!"

## There Is A 'Catch' To Fishing

Fishing news is scarce this week especially the salt water variety. Monday morning was cool with a gentle northeast wind blowing and the water looked ideal for fishing but it seems everybody was busy chasing the almighty dollar except a few lucky ones like Mr. Robert who lives on the Jordan and merely has to pick up his rod and walk through his front yard, step in a boat and get going. Monday afternoon he went out about 4 p.m., got the limit, threw it in and was home in time for dinner and then to the hospital for a meeting. Partner was Wayne Alliston.

Local sportsmen will be glad to hear that the Bay Bowling Center, U. S. 80 and Ulman is scheduled to open Oct. 15, according to Mrs. Doroth Yaryan, manager, and Mrs. Laurie Poindexter, assistant manager. Not having held a bowling ball in more than 15 years, we intend to make a few trips to Biloxi and get in a little practice before the opening in spite of Mrs. Poindexter's statement that it wasn't fair. Leagues will be formed, adding to the sporting season.

## Grid Season Opens With Thud

The football season opened with a thud, North Central and St. Louis going over their heads but putting on good, fighting exhibitions although out-weighted and out-reserved, Bay High came down as expected and ran all over the Pass Christian Pirates in the first half. In the third quarter the Tigers' teamwork didn't seem to be up to par, which can be expected this early in the season. They can get by Carriere tomorrow night we should have another conference championship team.

Talking of the hurricane, Mrs. Lloyd Cunningham spent a very nice weekend until she was able to get a call through to her home. Mrs. Ethel M. Richardson, and brother Bud who live in St. Petersburg, Fla. Mrs. Richardson said a telephone pole crashed down during the storm barely missing her house.

A couple of good fishermen, Donald Cuevas and Bernie Benigno are back from a week's vacation in Florida. Donald said he and little brother Vincent got four dozen crabs off the railroad bridge the other day but the fish just weren't biting.

Our thanks to young Bob Hamilton, statistician for Bay High for giving us a complete record of statistics on the Pass Christian

Looks like a sure thing that the World Series will open in Pittsburgh Wednesday, Oct. 5. New York, Baltimore and Chicago are battling for the American League Pennant but our buttons are riding on the Yanks, as usual, to cow the whole business.

Although winning the opening game of the season Monday night at Stanislaus Stadium from Pass Christian 27-0, Bay High Coach Lance Lumpkin said he won't know what to expect from his squad this year until they pass tomorrow night's test with Carriere, one of the toughest teams in a tough De Soto conference.

Displaying the form that won last year's Gulf Coast Conference championship, the speedy, rugged Tigers had little trouble downing the Pirates before a cheering, overflow crowd complete with band, cheer leaders and baton twirlers. The game was postponed from Friday because of

# Hawks Show Promise

The Hawks are scheduled to meet St. John's in Gulfport Friday night.

Coach Truman Schultz' lads, some of them members of the state championship basketball squad, displayed at Ocean Springs promise to become a definite future threat in the Gulf Coast Conference, this being their second year of play and their first in serious competition.

Last week the Greyhounds held powerful Notre Dame of Biloxi to a 13-13 tie and are considered one of the top teams

Two touchdowns in the first quarter gave Ocean Springs an unsurmountable lead. Another TD in the second and one in the fourth accounted for the game's scoring. The Hawks were strong after half-time but were unable to push over a tally.

Statistically Ocean Springs got 10 first downs to six for North Central. The Greyhounds threw six passes, completed one and had one intercepted while North Central threw five, completed none and had one intercepted. The Greyhounds fumbled once and North Central twice but neither team lost a fumble. Ocean Springs was penalized four times for 30 yards and the Hawks once for 20 yards.

The heavy rain.

The Tigers opened strong and scored twice in the first quarter and again in the second but the Pirates tightened up after the intermission throwing Bay High's best backs for losses time and again. It was fourth down and at least 20 yards to go on several occasions but the Tigers managed to hold the inspired Pirates to no score and in the final quarter Bobbie Van Calsem found an opening, danced by a host of Pirates and scooted half the length of the field for his second TD of the night.

Early in the third period Pass Christian unleashed a finespining and running attack that had Lumpkin pacing the sidelines while the Tigers dug in to end the threat. A couple of penalties against the Tigers, one for delaying the game and another for unnecessary roughness added to Lumpkin's worries during the third quarter rally.

Big Jim Mayfield showed promise of becoming the conference leading punter getting off six fine kicks for a 34-yard average.

The Tigers led in every department except passing and punt returns getting eight first downs to the Pirate's seven; 257 net yards rushing to 111; 34 yards average punting to 24; The Pirates got 42 yards on three punt

returns while the Tigers got 30 on three and led in kickoff re-

## Brother Basil Gets Athletic Post for SSC

Appointment of Brother Basil, S. C., as athletic director at St. Stanislaus College was an-

R. J. (Red) Reintke was appointed chairman of the stadium committee at a recent meeting of the Sidelines Club.

Brother Basil has spent the greater part of the past 15 years at Stanislaus in various capacities and has been athletic director in many of the Brothers' schools throughout the South.

In assuming his duties he will relieve some of the burden from Coach Reuben Ruiz who has been acting as head coach and athletic director since last year.

Reintke urges all members of the club or any interested parties to join him in the project of beautifying the stadium and keeping it clean and attractive.

### BAY, PASS SCRIMMAGE

turns getting 60 on five to Bay's 5 on one. The Tigers were unable to complete a pass while the Pirates notted 15 yards in the air.

Bobbie Van Calsem got 129 yards rushing on 16 tries; Lester LaFrance 86 on 9; Ronnie Peterson 22 on 4 and Morris Lizama 32 on 2. Peterson attempted four passes with no completions, Milton Bernard got yards on one pass return a LaFrance 15 on 2.

Van Calsem racked up touchdowns and two conversions. Peterson one and one conversion while LaFrance accounted for the other TD.

Score by quarters

Bay High 12 7 0 7  
 Pass Christian 0 0 0 0

# Opener Is Sad One For Rocks

Families, lack of reserve strength and being outweighed are blamed for St. Stanislaus' 3-0 defeat at the hands of the Auburn Commodores Friday night at Gultport. It was the first opening game of the season. Another toughtie is scheduled for Friday with Vigor at Wetumpka, Ala.

The Commodores, considered one of the top teams in the Big Six Conference, had little trouble stopping their lighter foes on several occasions hit them so hard the ball flew into the air to be recovered by the Commodores. Stanislaus fought valiantly in the first half giving up only one touchdown per quarter. Tired and fell apart in the second period.

In the backfield Bob Labranco and Clarence E. J. Babin and Tom Smith carried the brunt of the attack for the Rocks. Holding to the defensive end were Louis Jacobi, who got some good kicks, Fritz and Larry Fox, ends, Richard Pearce, Joe Foote and Billy Ayers and Jim Mashburn at center.

# City Echoes...

Mrs. Louis Jacob Jr. has returned home after undergoing surgery at Hotel Dieu, New Orleans.

Dr. H. A. Eldridge who was in Touro Hospital last week for surgery is now convalescing at his home on South Beach.

Mr. and Mrs. William Monroe, formerly of the Bay, were visitors in the area last week. They are now living in Austin, Tex., where he's studying at the University of Texas.

Mr. and Mrs. W. W. Carter are back at their winter home in Houston, Tex., after spending the summer season at their Waveland Beach home.

Mrs. Fred Pilcher of Mexico, Mo., mother of Mrs. John McDonald, is reported showing some improvement after being stricken ill last week. Mrs. McDonald expects to remain with her mother for some time while Mr. McDonald is to return today after being called to Mexico last Tuesday.

Mr. and Mrs. Harry L. Benjamin have returned from a five-week trip covering 6,000 miles. They went across the Eisenhower Locks on the St. Lawrence Waterway to Canada and toured the New England states, visiting his sister in Amsterdam, N. Y.

The Rev. Charles R. Johnson is in Greenwich, Conn., this week for an advisory committee meeting of the division of youth of the National Council of the Protestant Episcopal Church.

Miss Jeanie Ling, who spent the summer in New Orleans where she had a secretarial job, has returned to resume her studies at St. Joseph Academy.

Mr. and Mrs. Joseph Ziegler have visiting them her sister, Mrs. Paul Tourne of Hobbs, N. Mex. She also is spending some time in Piquette with her mother. Mr. Tourne returned after a brief stay here.

Little Cathy Lee Ramsey, daughter of Dr. and Mrs. B. L. Ramsey, is convalescing at her home after eye surgery in New Orleans last week.

Miss Betty McCutcheon, daughter of Mr. and Mrs. W. P. McCutcheon who was graduated last spring from Mississippi Southern College, is in Pensacola, Fla., where she has accepted a teaching position at Brentwood School. Her brother, Billy McCutcheon, has returned to Mississippi State University for his junior year.

Mr. and Mrs. Jack Bufkin of Hattiesburg were weekend guests of his brother and sister-in-law, Mr. and Mrs. Guy Bufkin.

Miss Patricia McGrath flew down from Conestoga, Pa., to spend the Labor Day weekend with Mr. and Mrs. M. J. Gleber and son, Matthew Jr., on Boardman Avenue.

Mr. and Mrs. Fred Z. Jacks and daughter, Kristi, aged three and a half, of Williamston, S. C., visited Mr. and Mrs. A. P. Lohman of Bay St. Louis and Billy Jacks in New Orleans, making a tour of the Vieux Carre while there. They will return to South Carolina by way of Florida.

Mr. and Mrs. C. P. Gilbert and her sister, Mrs. Bruno Prager of New Orleans, are spending several days at the Gilbert place.

**TREUTES INSURANCE AGENCY**

on Lozano Lane, Waveland.

Walter Gex III left last week to resume his studies at the University of Mississippi where he expects to receive the bachelor's degree in February.

Gerald James Favre Jr., 1960

graduate of Bay High School and a member of the conference all-star football team, left Saturday for Baton Rouge where he will study public accounting at Meadow Droughton Business College.

Nelms (Speedy) Rhodes, formerly with the Hibernia National Bank in New Orleans, has accepted a position with Merchants Bank and Trust Co. in the Bay. A graduate of St. Stanislaus College, he studied business administration at Mississippi Southern and Ole Miss.

Mrs. Joseph L. Wymer and Mrs. Willie Carbonnet drove to New Orleans Tuesday to visit Mrs. Wymer's new granddaughter born Tuesday.

Miss Gay Marcelle Rhodes, daughter of Mr. and Mrs. Nelms Rhodes, will leave Sunday to enter Mississippi Southern College where she will be a junior, having graduated last spring from Pearl River Junior College.
